

East Rockhill Township Board of Supervisors

June 20, 2019

Special Meeting Minutes

The special meeting of the East Rockhill Township Board of Supervisors was held at 6:30a.m. on June 20, 2019 starting at the East Rockhill Township Municipal Building, 1622 North Ridge Road, Perkasie, PA 18944. A tour of road inspection was conducted.

Present:	Gary Volovnik	Chairperson
	David Nyman	Vice-Chairperson
	Jim Nietupski	Member
	Marianne Morano	Township Manager
	Jeff Scholl	Public Works Director

The meeting convened at 6:30a.m.

A road inspection took place on roads and Township property.

- Willard H. Markey Centennial Park: Consensus is to look at options for selective tree clearing in conjunction with Pennridge Airport. The Township Engineer is to look at an existing easement and survey plans if a walking trail from Pennridge School District to Markey Park is viable outside of the established easement area for ADA compliance. Selective tree clearing on a path easement area could coincide with Markey Park.
- Bridgeview Drive: A resident has requested a French drain in the right-of-way. It was re-confirmed the Township does ditch work and not French drains.
- Branch Road: Updated cross walk signage will be considered.
- Ash Trees: Consensus is to have public works remove dead ash street trees and open space trees when time allows. Large tree removal by a third party and replacement trees, utilizing the tree fund, will be a 2020 budget consideration.
- Open Space: Consensus reaffirmed the Board's position that personal items are not allowed in Township owned open space which includes an existing vegetable garden with a border and fire wood in the Country Hunt Development. The property owner will be notified to return the area to grass after the fall harvest.
- Stormwater: Two road stormwater improvements on Harriet Drive and one road stormwater improvement in the Ridge Run Development will take place in 2019.

- Valley View Lane and Meadow Drive: At the request of a property owner, the T-intersection curbing will be painted to delineate where no parking can occur.
- Azalea Court and Holly Drive: Consensus is to obtain paving bid pricing for Board consideration. Estimated budgeted cost is \$85,000.
- Covered Bridge Tour Signs: Consensus is to install the signs on Township and State Roads per prior Supervisor approval.
- West Rock Road: It was noted a newly constructed dwelling has blocked drainage to a driveway trench box. In order for scheduled paving to not be delayed, the property owner will be notified to make the repair and if it does not occur the Township will take appropriate action.
- 1802 Ridge Road: Consensus is to re-pave the Township owned property driveway in-house, if funds are available. Estimated cost for materials is \$7,000.

Adjournment

The meeting adjourned at 10:37a.m.

Respectfully submitted,

Marianne Morano
Township Manager
