

# **EAST ROCKHILL TOWNSHIP**

November 6, 2018 – Rock Hill Quarry, 2055 North Rockhill Road

After discussions with the federal court judge and counsel for the quarry operator, the East Rockhill Township Board of Supervisors have notified the court and the quarry operator that proposals to settle the federal court case and pending Zoning Hearing Board matters have been rejected by the Township. The quarry operator has insisted on placing an asphalt plant at the quarry site, which is unacceptable to the Township and its residents. The federal court case will now proceed to a hearing and the Zoning Hearings will continue per the advertised legal notices with Hearing dates and locations posted to the Township website..
